MEMORANDUM FOR: Director of Communications

SUBJECT: Operational Development Requirement
for an Unconventional Type Battery
Charger

REFERENCE: Memorandum for Chairman, DD/P Materiel
Board from D/CO dated 12 June 1956,
same subject

1. The DD/P Materiel Board concurs in your recommendation contained in paragraph 3 of the reference memorandum that the requirement for sterility be deleted for the development portion of the program.

2. The completed development, when procured for Clandestine Services use, should however, be U. S. Government sterile.
